Exercício – Editores de Imagens

Utilizando o conhecimento adquirido neste módulo, crie novos banners de anúncios para o seu respectivo layout utilizando o Fireworks CS3. Implemente-os através da JQuery do slider owl-carousel em seu layout.

The image is a screenshot of the Owl Carousel website. At the top, there is a navigation menu with links for DEMO, MORE DEMOS, HOW TO, CUSTOMIZING, FAQ, and DOWNLOAD. The main content area features a large green owl logo on the left. To the right of the logo, the text reads "OWL Carousel" in a large green font, followed by a description: "Touch enabled jQuery plugin that lets you create beautiful responsive carousel slider." Below this text is an orange button that says "Download for FREE". Underneath the button, there are links for "Github / v1.3.2 / Changelog" and a note about a new version: "New version 2.0.0-beta now available for testers. Check it".

Faça com que ele fique automático e passe os slides de 5 em 5 segundos.

Vale 2,0 pontos.
